## **ATTENDANCE POLICY**

**Students are expected to attend all classes.**

The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

**B. Attendance/Tardy Policy: See page 20 in the College Catalog.**

**Also, due to the nature of this class, it is important that students be present at the beginning of each class period. Therefore, anyone arriving after attendance has been taken will be counted absent for that class period.**

**More than three absences (3) will result in the lowering of the final grade by at least one letter. A student will be dropped from the class with a "F" or an "X" (at teacher's discretion) once they've accumulated six (6) absences.**

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

**Assignment Policy:** Special class assignments will be given out and are expected to be completed and turned in or presented at the specified times.

**Late assignments will not be accepted-NO EXCEPTIONS.**

Grades will be recorded for all work turned in or presented.

**It is the student's responsibility to contact the instructor following any absence to find out what was missed during that absence.**

**Students are responsible for any and all assignments, whether they were present the day the assignment was given out or not.**
