

BIOL 2402 (4:3:3)

Anatomy & Physiology II
Online

Department of Biology

Division of Arts and Sciences

SOUTH PLAINS COLLEGE

Fall 2025

Second 8-Weeks

Dr. Megan Keith

Associate Professor of Biology

**SOUTH PLAINS COLLEGE
BIOL 2402.181- ANATOMY & PHYSIOLOGY II
FALL 2025, SECOND 8-WEEKS**

Instructor: Dr. Megan Keith
Office: Science Building S88
Email: mkeith@southplainscollege.edu

Course Description: Anatomy and Physiology II is the second part of a two-course sequence. It is a study of the structure and function of the human body including the following systems: endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics). Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis.

Student Learning Outcomes:

1. Use anatomical terminology to identify and describe locations of major organs of each system covered.
2. Explain interrelationships among molecular, cellular, tissue, and organ functions in each system.
3. Describe the interdependency and interactions of the systems.
4. Explain contributions of organs and systems to the maintenance of homeostasis.
5. Identify causes and effects of homeostatic imbalances.
6. Describe modern technology and tools used to study anatomy and physiology.
7. Appropriately utilize laboratory equipment, such as microscopes, dissection tools, general lab ware, physiology data acquisition systems, and virtual simulations.

TexBook Program: This course is part of your TexBook program, which means you don't need to purchase a textbook or access code for this course. TexBook is the required content (either an eBook or online Courseware) for your course, and is provided for you via the BibliU platform from Day 1 of class.

- **Cost of TexBook:** this required content is provided as part of a Program called 'Inclusive Access', which means that content is provided for you at the lowest price available from the publisher. The cost for this is included in your tuition.
- **How to access your digital content via BibliU:** you can access your material via the BibliU link inside your Blackboard Course, or directly via the BibliU app. If you have issues with this, please contact your professor, the Bookstore Manager or Bibliu Support (see below).
- **The BibliU platform:** you can use the Bibliu platform to enhance your learning experience, with features including: highlighting, notes and reading text aloud. For more details and support on how to use BibliU, please visit the [BibliU support pages](#), or contact BibliU support via the email: support@bibliu.com
- **Opting out:** you can Opt-Out of the TexBook Program, up until the Opt-Out deadline, via the banner displayed when you open the BibliU platform. Remember that Opt-Out deadlines vary by term, and if you choose to Opt-Out you will lose access to this low price option, and will need to purchase the content through a different method. If you opt-Out, the fee will be refunded to your account.

Useful contacts:

1. Bookstore Manager: Christian Bruno - christian.bruno@bibliu.com
2. Bookstore Text Coordinator: Trish Wells - patricia.wells@bibliu.com
3. BibliU Support: email support@bibliu.com

- **Required class material:** Modified Mastering A&P with Pearson eText for Human Anatomy & Physiology, Marieb 12th edition
- **Other required materials:** A reliable internet connection and a webcam with microphone for use with Blackboard Collaborate, Zoom and the exam proctor. This can be a USB or internal webcam. **If you cannot meet the technology requirements for this course, SPC may be able to help. Contact your professor if you need more information.**

Online Course Content

- Blackboard is the primary source for course information. **Students need to access Blackboard regularly. Google Chrome is the preferred browser for use with Blackboard.**
- Specific course materials available include PowerPoint lecture slides, lecture videos, reading assignments, messages and announcements from the instructor, study aids, quizzes, lab exercises, etc.

Communication

Email and course messages are the main methods that I have to communicate with you. Any announcements that I make via Blackboard will also be sent to your SPC email. Please check for messages frequently.

The course messages option in Blackboard is my preferred method of communication because it allows me to keep track of messages from students in individual sections. Please use this as your first option for communication.

NOTE: If you email me, include something in the subject line that gives me an idea of the contents of the message, including your course number.

I will check my messages and email throughout the day Monday – Friday. I typically respond to all messages within 24 hours or less except on weekends and holidays.

Copyright Notice

All material presented by the instructor in the course is copyright protected. The material presented by the instructor may not be modified or altered in any way. You have permission to download or print any material presented by the instructor in this course (ex. course information sheet, contact information, and learning module checklists). Copies must only be used for your personal educational use during this semester. The material may not be distributed in any way. If any course material is found on other websites, this is an act of academic misconduct and will be dealt with appropriately following the guidelines of the college concerning academic integrity.

Assessment

Final grades for the course will be calculated on a weighted scale: four exams (65%), lab practicals (20%), quizzes (10%), assignments (5%). I follow a traditional grading scale:

90 – 100% = A 80 – 89% = B 70 – 79% = C 60 – 69% = D ≤ 59% = F

***Course Average:** Calculated by the weighted average of the three grade categories indicated. If a student's final average is less than one half a percentage point away from the next higher letter grade, the instructor will consider giving the higher letter grade. For example, a student with an 89.51 would receive a letter grade of "A" for the course.

I do not curve final grades, however, we have resources available to you if you feel you need help in improving your grades. I also offer the opportunity for optional bonus points on SOME exams.

Exams

- Each major exam will cover material from lecture. Lab Practicals will cover lab material only and will include "connecting systems" problems. The exam format may include multiple-choice questions, definitions, matching, short answer questions, and essay questions.
- Exam and lab practical dates are listed in the course schedule. Exams and lab practicals will be due on the next Sunday at 11:59pm. You do not have to take the tests on the same day, but you will be required to take the lecture exam first.
- Students should **NOT** miss exams! Any student who misses an exam will have a 0 score entered for that exam. If you must miss the exam for an excused reason, you must contact me BEFORE the exam begins to have the opportunity to make it up.
- To avoid any technical issues during your exam, I suggest taking it as early as possible and within normal business hours. If you have problems at 2AM, I will not be available to help you. Honorlock support is available 24/7.
- Cheating, plagiarism, and use of AI on exams will not be tolerated and will result in an automatic zero.

Mandatory proctoring of major exams- Online exams and lab practicals within this course require online proctoring. Therefore, students will be required to have a webcam (USB or internal) with a microphone. Students understand that this remote recording device is purchased and controlled by the student and that recordings from any private residence must be done with the permission of any person residing in the residence. To avoid any concerns in this regard, students should select private spaces for testing. **Various academic sites on each SPC campus offer secure private settings and technology for recordings. Students with concerns may discuss location of an appropriate space for the recordings with their instructor.** Students must ensure that any recordings do not invade any third-party privacy rights and accept all responsibility and liability for violations of any third-party privacy concerns. Setup information will be provided prior to taking proctored exams.

Why do I require proctoring of online exams?- It is the goal of the college to offer quality online courses that are equivalent to student experiences in face-to-face courses. This includes maintaining high expectations for student performance, student conduct including complete honesty, and to maintain a high standard of integrity (see the Student Guide for more information: <http://catalog.southplainscollege.edu/mime/media/view/56/1774/2021-22StudentGuide.pdf>). Proctoring is required to set the standard for these expectations in this online course.

Exam testing procedures- The following table lists conduct requirements for online exams, as well as conduct violations. In general, behave as if you are taking the exam in a classroom with a live proctor. These conditions will be enforced from the moment you click the exam link and pre-checks begin.

Exam conduct requirement	Consequence for violation of exam conduct
Valid photo ID shown.	A zero will be given for the exam until student identity is confirmed by a valid photo ID. This does not have to be a license, any photo ID is appropriate; most students use their student IDs from SPC or other institutions.
Microphone turned on and recording.	A 25% penalty will be given for an exam taken without the microphone being turned on and recording throughout the entire exam. Ensure that nothing interferes with the sound quality (ex. fans blowing directly on you, noise from your computer, televisions, etc.).
Clear camera image.	A zero will be given for any obstruction of the camera's image or of your face/eyes. No hats, sunglasses, hand gestures, or other accessories may block your eyes during exams. Do not lean out of the frame.
Sufficient lighting of the testing area.	A 25% penalty will be given for an exam taken without enough lighting for the instructor to assess the testing environment. I must be able to see you and your testing area clearly.
Student remains in webcam view during exam.	A student who leaves the webcam view during an exam for any reason will receive a zero for that exam. Take all bathroom breaks, etc. before beginning the exam.
The exam is taken in an approved proctored environment at a standard desk or table.	Any exam taken without either the webcam software or in an approved testing area will receive a zero for that exam. Any exam taken on an unapproved surface, such as a couch, bed, or floor will receive a zero for that exam. <i>SPC offers several locations that would be appropriate for testing should you not want to take the exam in your home. If you do not live near any of the SPC campuses, contact me and we can determine an alternative location.</i>
No unauthorized materials near desk area AND student follows instructions for room scan.	A student who has any unauthorized materials (books, notes, phone, headphones/earbuds, another computer, etc.) near the testing area will receive a zero for that exam. A 25% penalty will be applied for incorrectly performed or incomplete room scans. Instructions/demonstration video will be posted on Blackboard.
No talking with others during the exam or playing of music or other audio recordings.	A student who has any music or audio recordings playing during exams, or who talks with any ADULT for any reason during the exam, will receive a zero for that exam. You should be the only person in the room (unless prior approval has been given by the instructor for use of a common space).
No vulgar or disrespectful language or gestures. Ensure that you are fully clothed.	Disrespectful language or gestures regarding the exam or this course will not be tolerated and will result in a zero for that exam. Live proctors are watching these sessions to ensure enforcement of the standards I have applied, failure to dress appropriate will result in a zero.

Any student who thinks that a penalty was misapplied can request that the penalty be reviewed according to the grievance procedure listed below.

Quizzes

- Quizzes will cover lecture AND lab material. Students will be given a set amount of time to finish the quiz.
- Quizzes will open at noon on the day listed in your course schedule and will remain open for 72 hours. You must complete quizzes within this time period.
- **Always review your quizzes as I may leave feedback. This can be done by going to the Gradebook and clicking on the grade you received for that quiz AFTER the due date has passed or after submission for quizzes assigned the day before an exam.**
- Missed quizzes CANNOT be made up unless proper documentation is provided for an excused absence.
- None of your quiz grades will be dropped, however, you will have formative assessments called “Concept Checks” that are no stakes “quizzes” to help you assess your knowledge prior to taking graded quizzes.

Assignments

- Assignments include a variety of exercises to reinforce concepts. All assignments will be posted with clear instructions. Ask questions if you do not understand.

Assignments are low stakes exercises that are meant to challenge you to **apply** course content to various situations. This skill is needed in your upper-level biology courses. It is my goal to help you develop this skill early.

Policies, Procedures, and Rules

This course will be conducted according to the policies and procedures of the South Plains College Student Handbook and General Catalog.

1. **Attendance-** Regular and consistent interaction with online lessons and textbook materials is necessary for satisfactory achievement.
 - Attendance will be measured by a student’s ability to consistently log on to Blackboard and COMPLETE the assigned work. Failure to turn in assignments will be recorded as an “absence.” The instructor will monitor student statistics throughout the duration of the course and will contact you if your personal statistics deviate from what is “normal” for the rest of the class.
 - The student may be administratively withdrawn from the course when they have **failed to turn in a total of four (4) graded assignments, quizzes, etc. (at any time; for any reason) or failed to complete one exam, AND the minimum course objectives cannot be met.**
 - Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X.”
 - If a student decides to stop attending class, submitting assignments, or that they want to drop the course for any reason, it is the student's responsibility to drop the course. After the second exam, I will not perform administrative drops. If you fail to drop the course, you will receive a failing grade at the end of the semester.

Students who miss multiple assignments typically fall so far behind that they are unable to catch up and their grades suffer on that section of material. Set yourself up for success; manage your time wisely so that you can spend the time required to do well on your work and study effectively.

2. **Technical difficulties-** If you experience technical difficulties please refer to the list of offices/personnel to call for help with your unique issue(s). Please send an email immediately to notify the instructor of these difficulties. **You will be allowed one and only one reset on any ONE assignment/exam for the semester.**

Should issues arise that are out of your control (i.e., Blackboard shuts down indefinitely) then the instructor will adjust assignment availability and due dates as appropriate.

3. **Make-up policy-** If you experience computer problems or miss assignments, you will not be able to make up or retake the assignment. **DO NOT WAIT UNTIL THE LAST MINUTE TO SUBMIT YOUR ONLINE WORK.** All SPC campuses will have internet and computer access for students. A missed assignment will result in a zero on that assignment, no exceptions. I provide a checklist of tasks that need to be completed with each learning module in

addition to the course schedule, therefore, there should be no confusion about what needs to be turned in and when it is due. Make-up work will only be given in circumstances where students experience events that would qualify as an excused absence. All assigned make-up work is due within one week of the assignment date.

- 4. Academic Integrity-** *It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity.* The attempt of any student to present any work as their own which he or she has not honestly performed is regarded at SPC as a most serious offense and renders the offender liable to serious consequences, possibly suspension. Each student is expected to abide by absolute honesty. Infractions will result in penalties subject to an assignment of a grade of “F” for the course or expulsion from the college. Students should also regard civility online as a requirement to remain on the roll in class.
- Plagiarism violations include, but are not limited to, the following:
 1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
 2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
 3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
 4. Missing in-text citations.
 - Cheating violations include, but are not limited to, the following:
 1. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, an administered test’s content;
 2. Discovering the content of an examination before it is given, including bribing another person to obtain an unadministered test or information about an unadministered test;
 3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
 4. Entering an office or building to obtain unfair advantage;
 5. Taking an examination for another;
 6. Altering grade records;
 7. Copying another’s work during an examination or on a homework assignment;
 8. Collaborating with or seeking aid from another person during a test;
 9. Rewriting another student’s work in Peer Editing so that the writing is no longer the original student’s; or
 10. Taking pictures of a test, test answers, or someone else’s paper.
- 5. South Plains College policies concerning Disabilities, Non-discrimination, Title IX Pregnancy and Parenting Accommodations, CARE (Campus Assessment, Response, and Evaluation), Intellectual Exchange, Campus Concealed Carry, COVID-19, and AI (Artificial Intelligence) can be found here:**
<https://www.southplainscollege.edu/syllabusstatements/>
- 6. Privacy-** The federal law guaranteeing student privacy is the policy of this instructor as well as that of SPC. This means that I will not discuss your grade with anyone other than YOU.
- 7. Grievance procedure:** If a student is having a problem with the course policies or the instructor, he or she should first try and resolve any such problems with the instructor. If the problem is not resolved, the student may proceed to the Biology Department Chair, who can advise the student on how to resolve the problem or direct them to the appropriate office.
- 8. Student Code of Conduct Policy:** Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others’ behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class (see the Student Guide for more information: <http://catalog.southplainscollege.edu/content.php?catoid=58&navoid=1931>).

Note: The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.
